Sir,

With reference to your letter no. 1794/muz. 365-08. dated 7th May 1909, calling for information on certain points in re the supply of a fire arm or a revolver to the Sri Kalaseswara Swamy temple at Kalasa in the Mudigere Taluk, I have the honor to state as follows:-

First, the more valuable temple jewels valued at Rs 6000/- which are not required for daily use are kept in the Mudgere Taluk Treasury; and the rest which are required for frequent use have been allowed to remain in the temple. As the Taluk Treasury is situated at a distance of 40 miles from the temple, these jewels cannot be deposited in the Treasury and taken to the

temple

temple when required without considerable inconvenience.

Secondly, the jewels including the brass and copper vessels, now kept in the temple, are stated to be worth about Rs 6000/- and these are reported to be very necessary for daily use in the temple.

Thirdly, six servants guard the temple every night and they are all reported to be fairly acquainted with the use of fire arms; and the Amildar reports that they can be entrusted with fire arms.

Lastly, as for the employment of sepoys as guard, I am not aware of the conditions under which such guard is employed in Vanjavur and other temples, except for the fact that there does not appear to be any need for the entertainment of a special guard at the cost of temple funds when the present temple servants could very well look to the [illegible]

of the temple properties, if they are properly armed. I see no objection to the employment of such a guard
